

SOME OF THE SHOES COLLECTED for Haitian relief..

Locals donate 3,000 pairs of shoes for Haitian relief

The call for the donation of "gently used" shoes by the Boys and Girls Club of Garden Grove for donation to Haiti has met with the strong response.

According to Heidi Levesque, area director, members of the public donated close to 3,000 pairs of shoes. The students and staff at Peters Elementary in Garden Grove collected 775 pairs, and even loaded up the cargo van.

The BGC GG's drive was one of several efforts by local agencies, businesses and individuals to provide relief to the victims of the recent devastating quake in Haiti.
